RE: H.B. No. 591

H.D. 1

Honorable Joseph M. Souki  
Speaker, House of Representatives  
Twenty-Eighth State Legislature  
Regular Session of 2015  
State of Hawaii

Sir:

Your Committees on Energy & Environmental Protection and  
Water & Land, to which was referred H.B. No. 591 entitled:

"A BILL FOR AN ACT RELATING TO CLIMATE CHANGE,"

beg leave to report as follows:

The purpose of this measure is to establish a Climate Change  
and Health Working Group to examine various potential health  
impacts of climate change and to assist Hawaii's health  
professions in effectively and efficiently preparing for and  
responding to those health impacts.

The measure also requires the Interagency Climate Adaptation  
Committee to include the Climate Change and Health Working Group's  
findings and recommendations in the Interagency Climate Adaptation  
Committee's sea level rise vulnerability and adaptation reports.

Your Committees received testimony in support of this measure  
from the Department of Health, the Office of Environmental Quality  
Control, the Hawaii Public Health Institute, the Hawaii Public  
Health Association, and one individual. The University of Hawaii  
and the Office of Planning provided comments on the measure.

Your Committees find that there is overwhelming evidence that  
human activities are altering the earth's climate and that climate  
change will have significant local and global health impacts.  
Your Committees further find that Hawaii is particularly  
vulnerable to the impacts of climate change due to its unique

geographic location and isolation. Your Committees believe that this measure will improve the State's ability to prepare for and respond to various potential health impacts of climate change.

Your Committees have amended this measure by:

- (1) Deleting provisions relating to the Climate Change and Health Working Group and instead requiring the Interagency Climate Adaptation Committee to prepare public health vulnerability and adaptation reports that include substantially similar provisions;
- (2) Requiring the Interagency Climate Adaptation Committee to assist with coordinating the implementation of climate change policies developed by county, state, and federal agencies;
- (3) Reorganizing the provisions of section 225P-3, Hawaii Revised Statutes, relating to the general functions, duties, and powers of the Interagency Climate Adaptation Committee; and
- (4) Making conforming amendments to the final paragraph of the measure's purpose section to reflect the substantive provisions of the measure, as amended.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 591, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 591, H.D. 1, and be referred to the Committee on Health.

Respectfully submitted on  
behalf of the members of the  
Committees on Energy &  
Environmental Protection and  
Water & Land,

---

RYAN I. YAMANE, Chair
